## Letter from RSCM Director, Hugh Morris

Education is at the very core of what the RSCM is about. We work with all sorts of church music and musicians with one consistent aim: to make the music of the Church sound God's praises as well as it can, and indeed should. 'Inspiring Music in Worship' is the title of an RSCM publication, but it also describes an aspiration – to which we should all feel connected.

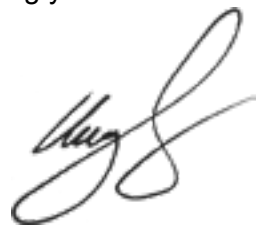

As someone who has been a teacher for more than 20 years, in all sorts of capacities, I am still as excited now by helping others to learn and progress as I have ever been. I know that I am not alone in this, not least amongst the many RSCM staff who are involved with the different courses on offer.

We are proud of our work with young people, especially singers, but this is not the only Education activity: education is a life-long pursuit and a state of mind. We offer support and tuition for those in leading, ministry roles, and the smaller church communities which have less structured music resourcing; and we want to send all those who encounter RSCM courses, whether for advanced or less experienced musicians, back to their 'home' churches with new inspiration, new ideas and resources, and better-developed skills.

The central courses listed here are supplemented by hundreds of local events near you; do look on the Events pages of the website for more details of those.

This booklet will be updated as more details become available for some of the courses, so be sure to check back for more information, but in any case I hope you will feel that you want to come and participate in something on offer here: they are there for you, the collective membership of the RSCM, to make use of.

We look forward to welcoming you to one of these 2020 courses.

Hugh Morris, RSCM Director, October 2019

## Inspiring Music in Worship

*Inspiring Music in Worship* is part of the RSCM's support for music in worship at the individual church or parish level. There are three strands for churches in different situations detailed over the next three pages: *IMiW* resources, *Music for Mission and Ministry* and *Lift up your Voice*.

## Inspiring Music in Worship Resources

### Who is this for?

All church members, not just musicians

*Inspiring Music in Worship* (IMiW), available from RSCM Music Direct [www.rscm.org.uk/imiw-book](http://www.rscm.org.uk/imiw-book), is a series of five guided conversations, designed to enable leaders of worship (both lay and ordained), musicians and congregations to talk to each other and reflect on worship together with honesty and respect. Grounded in real-life case studies, the resources provide an opportunity to discover new riches whilst acknowledging the tensions of traditional and contemporary forms of worship. On-line resources to expand and complement the materials found in the book can be found here: [www.rscm.org.uk/imiw](http://www.rscm.org.uk/imiw)

Day courses are based on material from the book and give those attending the opportunity to experience the format and content of the sessions, and an introduction to the ideas explored.

## INSPIRING MUSIC in WORSHIP

In Sarum College, February 2019

Three residential courses led by **The Reverend Helen Bent**, RSCM Head of Ministerial Training, are offered every year across the country.

### Who is this for?

All members from churches with few or no musicians

*Lift up your Voice* offers what you need in the way of resources to worship creatively through the Christian year without the need for formal musical training. It also enhances the work of the very small or struggling group which is capable but just few in numbers, by finding materials which are inspirational and fit for purpose.

Lift up your Voice is led by **Miles Quick**, RSCM Head of Congregational and Instrumental Music. Please visit our website for upcoming events: [www.rscm.org.uk/luyv](http://www.rscm.org.uk/luyv)

Regional choirs are for singers who want to expand their repertoire, learn new skills and be inspired by singing with others in spectacular spaces. Singers are drawn from across the country, bringing a wealth of experience to share, and events provide the opportunity to sing repertoire which may be outside the scope of the singers' normal routines.

RSCM choirs work with high-quality choral directors, organists and occasionally vocal coaches who teach, challenge and motivate the singers to give their best in worship, both as part of the choir itself and back in their home churches.

# Organ Courses and Programmes

## Pipeline Organ Scholarships

### Who are these for?

Teenagers wanting to learn the organ in a liturgical context

Pipeline is a shared project; church, family and the RSCM combine to offer significant financial assistance in training new organists. Scholars receive organ tuition in the instrument's liturgical context, helping them to contribute towards church life as soon as they are able.

Two Pipeline scholars, 2017

The programme aims to benefit both the student and their church, especially in circumstances where finances could otherwise constrain musical development.

RSCM Pipeline Scholarships are supported by Hymns Ancient and Modern, and other grantors.

Please visit our website for more details: [www.rscm.org.uk/pipeline](http://www.rscm.org.uk/pipeline)
